

#100 Bluestone Rubble Hand Chisel

(with smeared ivory buff mortar joint)

The distinctive colors, blue, brown and silver characterized this fine grain rock. Its durability and beauty makes this natural stone very appealing for any house decor. The hand chisel texture is an excellent choice for house siding, columns, firepits, fireplaces, entry walls and outdoor projects.

Available in 1"-2" for thin veneer, sold per sqft

Thick veneer 3"-5" thickness average coverage of 35-40 sqft per ton.

You may also choose different textures such as natural or split face. Contact our sales associates for more information.
