

**#113 Ashlar Fieldstone & Chopped stack
(with gray mortar joints)**

The natural weathered appearance caused by natural forces is what formed this attractive, old time look Fieldstone; accompany by the great texture of Crab Orchard, makes of these trendy rocks a perfect combination. Khaki, brown colors together with neutral shades of caramel and sandy tones, complement both rustic and contemporary décor. The ashlar pattern makes it easy to apply on large or small projects. Full stone house veneer, entry walls, column and chimneys are some of the most common uses.

3"-5" for thick veneer (full size building stone), average of 35 sqft per ton.

1"-5" for thin veneer, sold by the sqft corners are sold per linear feet.
