

**#240**      **Antique Limestone elongated**  
**(ultra dark mortar joint)**

Distinctive, rustic feel that adds contemporary look with the black shades. The irregular rectangle shapes accent the old view, allowing you to apply it on medium to large projects. Full house siding, retaining walls, columns, accent wall, fireplaces and hardscape projects.

3"-5" full size building stone, average of 35 sqft per ton.

1"-1.5" saw cut thin veneer, flats by sqft. Corners by linear foot.

Please check with one of our sales associate for more details
