

#244 AZTEC BLEND (Buff color joint)

The attractive range of browns, grays and light browns brings a soft rustic touch and elegance to your home decor. The combination of stone and natural face texture enhances the old feel touch. It works great on an accent wall, house siding, columns, fireplaces, outdoor kitchens and window headers and sills.

1" - 1.5" thick, saw cut thin veneer, flats by the Sqft, corners by linear foot.

3" - 5" thick, full size building stone, average of 35 Sqft. Per ton.
