

## **# 49 SAMPLE**

### **SIZE 89 GRANITE GRAVEL**

One of the smallest screen sizes of this Georgia native (Stone Mountain-Lithonia area), mostly use for projects where drainage is required, as a paver base instead of granite sand, (permeable pavers). It could be use as a loose gravel driveway and many different landscape applications as a ground cover instead of wood mulch.

5055 Buford Hwy. Norcross, GA 30071 (770.368.9337)
