

## **#84**      **Platinum Gray Limestone**

Assortment of grays tones with some tan hues bring a soft rustic look to your home décor. The rough surfaces (split face) adds a more natural touch and it goes perfect with large and medium projects. Accent walls, house siding, full stone house, columns, fireplaces and entry walls are among the most commonly used.

1"- 1.5" saw cut thin veneer, flats by sqft corners by linear foot.

3"-5" Full size building stone, average of 30-35 sqft per ton.

See picture #85 for a joint wall look.
